**AUTUMN / WINTER 2018/19**

### **CARELESS ELEGANCE, WITH SOME ARROGANCE**

---

This season TOMCSANYI draws its reminiscent yet minimalist inspiration from Budapest's Metro 3 line, known for an undoubtably inherent nostalgic feeling. The smart combination of retrospective aesthetics, high-end fashion and top-notch minimalism works oh so well, as always.

The autumn/winter 2018 collection takes us for a day trip around, more precisely under Budapest. Retro colors recall socialist enamel art from the walls of metro stations, that the Budapest crowd passes by as in a hurry each day. As usual, the collection is all about comfort with a pinch of sexy, intellectual elegance, offering the perfect attire day to night.

TOMCSANYI naturally creates a retrospective atmosphere with its signature prints, this season a crowd print and an escalator print recalls the mysterious feels of traveling the busy city by metro. Fabrics are soft white and navy vegan leather, bloomy mustard and graphite wrinkled cupro, midnight blue heavy silk-feel viscose, along with the light touch of cerulean and jade virgin wool.

TOMCSANYI offers you a chance to stand out of the crowd, so take it!
